INTRODUCTION

Schedule Overview

Land Sales, Grants, and Special Acts General Program Administration

Administrative History

The schedule covers programs records related to the granting and sale of FS lands including sales conveyed under special acts authorities. Special Act sales provide for the sale of specific properties within a specific State or National Forest. These properties, which are usually administrative sites and facilities, are named in the acts, and once all properties are sold the act expires.

Overall Recommendation

I recommend approval of the attached schedule.

APPRAISAL

Item 0001: Land Sales, Grants, and Special Acts General Program Administration

Program administrative records and correspondence related to granting and selling of FS lands through Special Acts. Records also include unconsummated (discontinued/dropped) cases that were not conveyed. Sales and grant case files remain covered by N1-95-10-10, item 59.

Proposed Disposition: Temporary.

Appropriateness of Proposed Disposition: Appropriate.

Appraisal Justification:

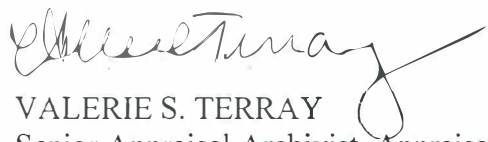

*Has little or no research value.

*Does not document significant actions of Federal officials.

*Previously proposed as temporary. Sales, Grants, Special Acts General Files, N1-95-10-10/58 and Unconsummated Cases, N1-95-10-10/60

Adequacy of Proposed Retention Period(s): Adequate from the standpoint of legal rights and accountability.

Media Neutrality: Approved.
