Agency or Establishment Defense Threat Reduction Agency

Record Group / Scheduling Group Records of the Defense Threat Reduction Agency

Records Schedule applies to Agency-wide

Schedule Subject Integrated Weapons of Mass Destruction Toolset (IWMDT)

Internal agency concurrences will be provided Yes

Background Information IWMDT consolidates validated DTRA modeling and simulation tools to enable rapid access for planning, emergency response and assessment capabilities. Used by Combatant Commands, the Joint Staff, other government agencies, first responders, planners, managers and operational and technical personnel who respond to the full spectrum of Chemical, Biological, Radiological, Nuclear and High Explosive (CBRNE) threats. IWMDT supports a variety of configuration ranging from server based distributed operations on UNET, SIPRNET, and the JWICS networks to standalone implementation on a single machine using virtual technologies. Active records may include (but not limited to) system development information and products produced during operational use of the IWMDT system. For example, these product may include pdfs, print-outs, screen-shots, etc. that are generated during users generated scenario runs.
