Re: Final Response for Freedom of Information Act (FOIA) Request
Tracking No. 2017-OSEC-05308-F

Dear Mr. Kick:

This is the Departmental FOIA Office’s (DFO’s) final response to your attached July 2, 2017 FOIA request seeking the detailed, hour-by-hour calendar/schedule for Secretary Perdue, from April 25, 2017, to the present.

Your request was processed under the FOIA, 5 U.S.C. § 552.

A search for responsive records was conducted by the Office of the Secretary’s (OSEC) telecommunications provider, Client Experience Center (CEC). This provider performs network services for OCIO to include electronic messaging operations, electronic calendars, blackberry, mobile device management (MDM), file and print, remote access, voice, network, service desk, and other application services. CEC’s search included those Outlook accounts associated with the Secretary from the time he on-boarded through December 2017. A total of 334 pages were found to be responsive. The DFO has confirmed that these records constitute the Secretary’s official USDA calendar and that no other official business calendars (electronic or paper) exist.

Following a review of the responsive records, the DFO determined that certain information contained in the records should be withheld pursuant to FOIA Exemptions 5, 6 and 7(C), U.S.C. § 552(b)(5), (b)(6), and (b)(7)(C). Below is an explanation of the information that has been withheld.

Application of 5 U.S.C. §552(b)(5) “FOIA Exemption 5”

FOIA Exemption 5 protects from disclosure those “inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with the agency.” Two of the most frequently invoked FOIA Exemption 5 privileges are the deliberative process and the attorney-client privileges.

To fall within FOIA’s deliberative process privilege, the records must be both pre-decisional and deliberative; the records must precede the adoption of an agency policy and include the opinions, recommendations, or deliberations on a legal or
policy matter. The information being withheld under the deliberative process privilege consists of intra- and inter-agency, pre-decisional discussions contained in email communications relating to budget and trade negotiations, potential reform initiatives and policy issues, draft agendas never circulated, and recommended talking points not relied upon by agency speakers. By withholding this information, the DFO is protecting the integrity of the agency’s decision-making process and ensuring no inhibition of free and frank exchange between federal personnel. The DFO is also ensuring against the premature disclosure of proposed policy, which could, if released, cause confusion to the public regarding the agency’s policy positions.

The DFO is also withholding information under the attorney-client privilege. This privilege protects confidential communication between an attorney and his/her client relating to a legal matter for which the client has sought professional advice. Although this privilege fundamentally applies to facts divulged by a client to his/her attorney, this privilege also encompasses any opinion given by an attorney to his/her client based upon those facts, as well as communications between attorneys that reflect client supplied information.

Additionally, a few records are being withheld under the presidential communications privilege, which exists to protect advisory communications made to both the President and his close advisers.

**Application of 5 U.S.C. §552(b)(6) “FOIA Exemption 6”**

FOIA Exemption 6 permits the government to withhold information regarding individuals in “personnel, medical and similar files” when the disclosure of such information would constitute a clearly unwarranted invasion of personal privacy and where such privacy interests outweigh any public interest which would be advanced by disclosure. For purposes of the FOIA, the public interest is advanced when disclosure of the requested information educates the public about the activities of the government.

Portions of the records produced as a result of CEC’s search efforts were withheld under FOIA Exemption 6. These items include the names and contact information of security agents, residential addresses, personal telephone numbers, personal email addresses, business contact information not available online, email addresses tied to members of the Executive Office of the President, names and other information related to interviewees, information related to personnel actions, information related to personal appointments, and places where the Secretary rested overnight (RON). All these items fall under the category of “similar files” because they apply to particular individuals. Release of the names and contact information of security agents, residential addresses, personal telephone numbers and personal email addresses, business contact information not available online, email addresses tied to members of the Executive Office of the President and RON locations could subject individuals to unwarranted or unsolicited
communications. With regard to the other items, although not likely to lead to unwarranted or unsolicited communication, they are all still very personal in nature.

Since there is a viable privacy interest in this information and no outweighing public interest to be advanced by disclosure, FOIA Exemption 6 authorizes the DFO to withhold these items from release.

**Application of 5 U.S.C. §552(b)(7)(C) “FOIA Exemption 7C”**

Exemption 7 protects from disclosure “records or information compiled for law enforcement purposes” that fall within the purview of one or more of six enumerated categories. To qualify under Exemption 7, the information must have been compiled, either originally or at some later date, for a law enforcement purpose, which includes crime prevention and security measures, even if that is only one of the many purposes for compilation. Exemption 7(C) provides that, “records of information compiled for law enforcement purposes” may be withheld from disclosure, but only to the extent that the production of such documents “could reasonably be expected to constitute an unwarranted invasion of personal privacy…” In applying Exemption 7(C), the DFO considered whether a significant privacy interest would be invaded, whether the release of the information would further the public interest in shedding light on the operations or activities of the government, and whether in balancing the privacy interests against the public interest, disclosure would constitute an unwarranted invasion of privacy.

The information withheld under Exemption 7(C) consists of the information related to the identities of security personnel. These individuals have a significant privacy interest in their identities, which, if known, could expose them to unwarranted invasions of their privacy. Furthermore, releasing their identities would reveal little about the operations or activities of the Government. Therefore, withholding this information is appropriate under Exemption 7(C).

You may appeal this response by email at USDAFOIA@ocio.usda.gov, or by mail to the Assistant Secretary for Administration at 1400 Independence Avenue, S.W., Whitten Building, Room 209-A, Washington, D.C. 20250-0103. Your appeal must be in writing, and it must be received no later than 90 calendar days from the date of this letter. The DFO will not consider appeals received after the 90 calendar day limit. Appeals received after 5:00 p.m. EST will be considered received the next business day. The appeal letter should include the FOIA tracking number listed above, a copy of the original request, the DFO’s response to your original request, and a statement explaining the basis of your appeal. For quickest possible handling, the subject line of your email, the appeal letter, and its envelope, if applicable, should be marked “Freedom of Information Act Appeal.”

If you have any questions regarding the processing of this request, please contact Ms. Kathleen Drohan at (202) 694-1802, Kathleen.Drohan@ocio.usda.gov, or USDAFOIA@ocio.usda.gov. For additional information regarding USDA FOIA
regulations and processes, please refer to the information available online at [www.dm.usda.gov/foia](http://www.dm.usda.gov/foia).

You may seek dispute resolution services from the DFO’s FOIA Public Liaison, Ms. Ravoyne Payton at USDAFOIA@ocio.usda.gov.

Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, Room 2510, 8601 Adelphi Road, College Park, Maryland 20740-6001; email at ogis@nara.gov; telephone at 202-741-5770; toll-free at 1-877-684-6448; or facsimile at 202-741-5769.

Provisions of the FOIA allow us to recover part of the cost of processing your request. In this instance, because the cost is below the $25 minimum, there is no charge. 7 C.F.R. Part 1.18.

If you have any questions regarding the processing of this request, please contact USDAFOIA@ocio.usda.gov. For additional information regarding USDA FOIA regulations and processes, please refer to the information available online at [https://www.dm.usda.gov/foia/](https://www.dm.usda.gov/foia/).

The DFO Team appreciates the opportunity to assist you in this matter.

Sincerely,

Alexis R. Graves

Mr. Robbie Minnich, Senior Government Relations Representative, National Cotton Council, Washington, DC

With respect to issues, this is partly an introductory meeting to provide a brief overview of the National Cotton Council and our membership. In addition, they would like to focus on current industry economic conditions and the need for economic policy assistance, including discussion of possible administrative actions USDA could take in the future. And we would like to review key export markets and trade policy issues for US cotton and textiles.

11:00 AM - 11:30 AM

Meeting with North American Millers Assn. Members -- 200A

Trade and the Farm Bill would be the primary topics. Many of the members have North American operations or supply-chains, so the discussion of NAFTA renegotiation is of importance. Regarding the farm bill it would be supporting Food Aid, research, and ensuring producers have the tools (safety nets) necessary to be profitable so they continue producing the commodities we mill.

Attendees:
Mark Kolkhorst, Vice President of Milling, Archer Daniels Midland (ADM)
Dan Dye, CEO, Ardent Mills
Rod Geiger, President, Bartlett Milling Co.
Ford Mennel, President, The Mennel Milling Co.
James Meyer, President, Italgrani USA
Richard Siemer, President, Siemer Milling Co.
Tom Rogers, President, Wilkins Rogers Mills
James McCarthy, President & CEO, North American Millers’ Association
Anne Thompson, Lobbyist, Bunge
Beth Holzman, Lobbyist, ADM
Dale Nellor, Lobbyist, North American Millers’ Association

Dr. Schechtman (retiring from USDA) briefing

His office has responsibility for coordinating biotechnology policy for USDA. One of the key efforts, AC21 (described below), is a Federal Advisory Committee; he is the Designated Federal Official. Dr. Schechtman wants to brief the Secretary on the efforts of AC21 (and all other biotech responsibilities) noting that they have received info from the Civil Rights office on renewing the Charter and need to know how to move forward. Dr. Schechtman will lead the US delegation to Italy starting June 12 and then will be on leave for two weeks prior to retiring on July 7. He has prepared briefing materials for "all things biotech" and would like to transfer the information prior to his departure.

The Advisory Committee on Biotechnology and 21st Century Agriculture (AC21) was originally established in February, 2003 and first met in June, 2003. Under its Charter, the committee is charged with examining the long-term impacts of biotechnology on the U.S. food and agriculture system and USDA, and providing guidance to USDA on pressing individual issues, identified by the Office of the Secretary, related to the application of biotechnology in agriculture. The AC21 is a broad-based committee representing a wide range of interests and agricultural expertise.

The Stoneville Experiment complex was started in 1904 to address challenges in Delta agriculture by Mississippi State University.

*As the years, and the challenges, grew, federal research programs assisted State scientists in efforts to be more profitable.

*The idea for a federal weed control lab to complement and cooperate with State programs was conceived in 1961, and shortly thereafter in 1964, programs in insect control and cotton physiology.

*In 1971, the completion of the Jamie Whitten Building cemented the physical presence of USDA-ARS at Stoneville and the research programs continued to grow.

*Its primary mission began as a cotton research center for the Mid-South, but it grew to encompass all Southern row crops. (Corn, cotton, soybean, rice, and catfish)

*The Mid-South Cotton Ginning Laboratory was established in Stoneville.
June 9, 2017 Continued

Friday

*Other components of USDA were established here - including USDA-APHIS and USDA-Forest Service - the Center for Bottomland Hardwoods Research. Also located at Stoneville are the MS Department of Agriculture and Commerce, the regional Water Management District, and Delta Council.

*The establishment of the Cochran National Warmwater Aquaculture Center in 1988 focused on the burgeoning U.S. farm-raised catfish industry in a partnership, again, with MS State University.

*Biotechnology disciplines became more important at the turn of the century. The establishment of the National Biological Control Laboratory in 2003 underscored this focus on a changing agricultural sector.

*Today, the Stoneville Research Complex has a $60M budget, 500 employees, 158 Ph.D scientists, and over 150 advanced degree technicians supported by technicians and other support staff.

*From its beginnings as a cotton research facility focusing just on Mississippi, Arkansas, and parts of Louisiana, today USDA-ARS in Stoneville is the headquarters for 13 states in the Southeast.

*The people who comprise the USDA-ARS family are the bedrocks of our churches, our youth programs, our schools, our Chambers of Commerce, our civic clubs, and all of the efforts that go into making our communities better. The people in the Delta are proud of Stoneville and the presence of such an important research hub in their backyard that has a positive impact daily on our biggest industry - agriculture.

Hi Lauren,

I wanted to reach out about setting up a visit for my boss and Secretary Perdue. It’s my understanding that Secretary Perdue wanted to find time for them to sit down and get to know each other. Apparently they have a lot in common — both farmers, pilots (helicopter pilots, specifically), veterinarians, etc. so this wouldn’t be a policy meeting, but more of a “social” meeting.

Thanks!

Emma Herrock

Brock Murphy of Jackson, Missouri, is the 2016-2017 AQHYA President. In his role at AQHYA, Brock combines his passion for the American Quarter Horse with his passion for politics by leading the Public Policy Committee. Brock plans to attend Texas A&M University in the fall.

McKenzie Merritt, from Lincoln, Nebraska, is serving as the AQHYA 1st Vice President. She just finished her freshman year at Oklahoma State University, majoring in Wildlife Biology and Pre-Veterinarian Sciences. McKenzie currently shows in over fence classes and ranch riding.

Ty Cornelius of Mt. Pleasant, Arkansas, is the AQHYA 2nd Vice President and current President for the Arkansas Quarter Horse Youth Association. Ty is the chairman of the Youth World Show committee, and a third generation AQHA competitor.

Alan Hinds, from Lawrence, Kansas, is an AQHYA Region 8 director. Alan participates in ranch riding and boxing classes, and he also is a past participant of the AQHA Young Horse Development Program. Along with AQHYA, he is highly active in Boys Scouts and the National FFA Organization.

Austin Ralls of Catlett, Virginia, is a high school junior and AQHYA Region 5 director. He is an advocate for AQHYA by promoting the Association to his fellow 4-H members, and would like to continue encouraging other organizations to become involved by sharing the benefits of the Association. Austin shows both horses and cows.

The Agricultural Trade Advisory Committees (ATAC) System is comprised of the Agricultural Policy Advisory Committee (APAC) and six technical ATACs with representation across the full spectrum of the U.S. agricultural sector. These private sector advisory committees provide the Administration with policy advice on the negotiation and operation of trade agreements, and on general issues relating to the development, implementation, and administration of U.S. trade policy. The most recent meeting was held on June 28, 2016. There are 189 advisors across the seven committees.

9:50 AM - 9:55 AM  Meet and Greet/Photo with U.S. Army officer, MAJ Jason Woodward

Requested by Josh Bornstein- Email below:

Chris—

For the past year, I have had a U.S. Army officer, MAJ Jason Woodward, detailed to my staff as part of our partnership with the Command and General Staff College. MAJ Woodward departs in the middle of July.

Do you think we can schedule a moment with the Secretary to thank MAJ Woodward for his service and snap a photo? It would mean a lot to him. I have not said anything to Jason about this possibility.

World Food Prize Event -- Whitten Patio

The event will take place on the patio. Guests (200-275) will start arriving at 10:30 and Security believes that they will have them all seated by 11:30. There will be 75 chairs close to the dais for special needs guests and VIPs. Catering will set up refreshments along the back of the patio in the morning for the reception following the event. WFP is working directly with USDA Catering to cover the cost of the reception. FAS is working with OC on the keynote address.

The tentative outline is:
11:20am – The Secretary meets with Ambassador Quinn in his office. (please let me know if S would like to take the meeting. Alternatively, they could meet in 108 A.)
11:25am – The Secretary and Ambassador Quinn proceed to 108 A and take a photo with VIPs.
11:28am – The Secretary, Ambassador Quinn, and EMCEE proceed to dais.

Meeting with Tom Halverson. CEO of CoBank -- 200A

Attendees:
Tom Halverson, CEO of CoBank ACB
David Sparks, Regional President
And Brian Cavey, SVP of Government Affairs

CoBank came up during the meeting with Jeff Hall, thus why I am reaching out. I talked to FCA Board Member Jeff Hall and his staff, Kevin Kramp, earlier this week and they were updating us on how the meeting with Secretary Perdue went. I am sure that you are aware that CoBank has been in discussions on some investment pieces with USDA in the past. In order to answer any and every question that you might have and if it would be helpful for us to brief you on some of these things, we would love the opportunity to sit down with you. Secondly, Tom Halverson, our new CEO, would appreciate the opportunity to meet with Secretary Perdue and introduce him to what our mission and goals are as we move into harder times in agriculture but also a constrained budget.

Topics: Farm Credit, rural infrastructure financing options, and just an introduction to the organization.

4:00 PM - 4:30 PM
Meeting with Representative Bost (IL-R) -- 200A
He wants to discuss the below issues:

1. Modernization of the lending programs at USDA for Beginning Farmers and Ranchers (Direct and Guaranteed Loan Programs)
2. FSA staffing levels and customer service
3. Greater flexibility in working lands conservation programs

All Day Birthday

All Day Woodstock Baptist Church

9:00 AM - 9:30 AM Arrive to First Baptist Church -- Pastors reception area
If he could be here by 9 AM and tell him to come to the Pastors reception area (he knows where that is) and we will get together. Then, the service starts at 9:30. He will be up to speak by 10 AM and can have whatever time he desires. 35-45 min is usually what we do. We will dismiss around 11 AM and then if he desires to greet people, that will be fine. We can eat a brunch/lunch meal about 11:15 or so. I would say he would be ready to depart by noon or a little after. Then the afternoon, he could be at the downtown park about 5:45 to start our service/concert there about 6 PM. After he welcomes the crowd, they could feel comfortable leaving any time they desired. If we need to provide a room for them for the afternoon or night, let me know.

The main thing I need to know is how many for lunch and if they have food preferences. WE will fix whatever they want.

9:30 AM - 10:00 AM Service begins at First Baptist Church Woodstock

10:00 AM - 11:00 AM Speaking begins during service at First Baptist Church Woodstock

11:15 AM - 12:15 PM Brunch after the Service

<td>BACKGROUND: This event has been referred to as the FAS Global Conference or Attaché Seminar, USAEDC. The event will bring all heads of FAS 93 overseas offices to Washington, DC from July 6 to July 14. The tentative agenda has internal government sessions July 6-12 and on July 12 and 13 participation broadens to include the CEOs and staff of the 85 USAEDC member organizations. The conference is an opportunity for FAS overseas officers to hear from leadership in Washington, engage with USDA colleagues at headquarters, and learn from industry partners about their priorities in growing overseas markets for U.S. agricultural products. The conference will also include swearing in of new Foreign Service Officers and the honoring of retiring officers, as well as the annual FAS picnic.</td>

6:00 PM - 6:15 PM  Reaffirming the Oath of Office of 3 USDA Judges -- 200A

The Secretary will recite the oath of office for each judge. This is a strictly ceremonial, as these judges have already been sworn in.

Oath below:

An individual, except the President, elected or appointed to an office of honor or profit in the civil service or uniformed services, shall take the following oath:
J. ****, do solemnly swear (or affirm) that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties of [this office]. So help me God.”

Bobbie J. McCartney, Chief Administrative Law Judge

Chief Judge Bobbie J. McCartney joined the United States Department of Agriculture’s Office of Administrative Law Judges (USDA OALJ) in April of 2016 and conducts rulemaking and adjudicatory hearings throughout the country in proceedings that are subject to the Administrative Procedure Act (APA), 5 U.S.C. § 551, et seq. under approximately 50 statutes administered by USDA agencies which require APA hearings. Prior to joining the USDA, Judge McCartney served as the Deputy Chief Judge with the Federal Energy Regulatory Commission (FERC) where she adjudicated some of the most complex cases referred to the FERC for hearing under the Federal Power Act, the Natural Gas Act, the Interstate Commerce Act and the Energy Policy Act of 2005. Prior to joining FERC, Judge McCartney served as the Deputy Chief Judge of the Office of Hearings and Appeals for the Social Security Administration (SSA) where she shared full responsibilities with the Chief Administrative Law Judge for managing its nationwide operation of over 1100 ALJ’s in 140 Hearing Offices throughout the United States. Prior to her appointment to that position, Judge McCartney served as the Hearing Office Chief Judge of the Billings, Montana Hearing Office and later as the Hearing Office Chief Judge of the New Orleans, LA Hearing Office.

Judge McCartney also has extensive and diverse litigation experience having served as a senior trial attorney with the United States Department of Labor’s Office of the Solicitor’s Regional Office in Dallas, Texas for almost 15 years where she received numerous Exceptional Achievement Awards for her work. In addition, she served in that office as the Counsel for Employment Standards Administration, a supervisory trial attorney position, before becoming a United States Administrative Law Judge in 1994.

Judge McCartney obtained her BA from Lamar University in Beaumont, Texas, her JD from the University of Houston and her LLM from Southern Methodist University. She has also attended classes at the Universities of Oxford and London. She is a member of the Texas and Colorado Bars and has been admitted to practice before numerous state and federal courts as well as the United States Supreme Court.

Jill S. Clifton, Administrative Law Judge

Judge Jill S. Clifton joined OALJ on February 26, 2001. She became an ALJ in 1990, serving 6 years with the U.S. Department of Health and Human Services’ Departmental Appeals Board, and before that, 5 years with the Social Security Administration’s Office of Hearings and Appeals. Her experience also includes private law practice in western Colorado, serving 9 years as a U.S. Magistrate Judge, primarily in Grand Junction and in Denver, and 4 years as a prosecutor. Judge Clifton received her BA from the University of Florida and JD from the University of Denver College of Law.

Channing D. Strother, Administrative Law Judge

Judge Channing D. Strother joined the United States Department of Agriculture’s Office of Administrative Law Judges (USDA OALJ) in August 2016. He conducts rulemaking and adjudicatory hearings throughout the country in proceedings that are subject to the Administrative Procedure Act (APA), 5 U.S.C. § 551 et seq., under approximately fifty statutes administered by USDA agencies that require APA hearings.
Prior to joining USDA, Judge Strother served as an administrative law judge in the Office of Dispute Adjudication and Review (ODAR) of the Social Security Administration (SSA), first in the Johnstown, Pennsylvania Hearing Office and then in the Philadelphia East Hearing Office.

Prior to becoming a judge at ODAR, Judge Strother had decades of sophisticated federal and state administrative law and litigation practice as a partner in Washington, DC law firms prominent in their specialty areas. He was also active in relevant bar leadership, writing, and education.

Judge Strother obtained both his BA and his JD from the University of Virginia. He is a member of the District of Columbia, Maryland, and Virginia Bars and has been admitted to practice before numerous federal courts including the United States Supreme Court.

This is part of a new C-SPAN series, airing Sunday nights @ 6:30 & 9:30 pm ET-PT titled 'The Appointees.' The goal: To learn about the life stories of key White House staffers, Cabinet Members and Administration officials. So far they have done: Transportation Secretary Chao, OMB Director Mulvaney, Omarosa Manigault & Sarah Huckabee Sanders

We covered his confirmation hearing, as well as many of his STATE OF THE STATE addresses in Georgia, and really think our audience would enjoy the chance to know him better.

My approach with all of these interviews is the same: to learn about their lives and careers.

Typically we need 45 minutes/ 1 hour to set up. The interview itself runs approx. 20 minutes.

general thoughts and outlook on:
- 2017/2018 priorities for the department
- Farm bill reauthorization
- NAFTA renegotiation
- GE labeling (including the timeline for a proposed rule)

Noon – Q&A from the NCA board members

I suspect our members’ questions will be related primarily to the farm bill (and the U.S. sugar program specifically), GE labeling and the Trump Administration’s support for manufacturing jobs and economic growth. I also think that it is important to highlight for the Secretary that two-thirds of our members are small and midsize multi-generational family-owned businesses.

Lunch will be available beginning at 11:15 a.m.; I hope the Secretary will feel free to come early and to eat with us.

- Invited to speak for 20 minutes with Q&A afterwards
- Interested in hearing general thoughts and outlook on 2017/2018 priorities for the department, Farm Bill reauthorization, NAFTA renegotiation, GE labeling (including the timeline for a proposed rule)
- Questions will, most likely, be related primarily to the Farm Bill (and the U.S. sugar program specifically), GE labeling, and the Trump Administration’s support for manufacturing jobs and economic growth.

<td>National FFA’s agricultural literacy and advocacy platform seeks to develop and deliver a suite of skills including effective communication, critical thinking, civic comprehension, and holistic understanding of agricultural issues. These workshops will allow students to understand issues impacting the agricultural industry and teach them how to communicate effectively with all consumers and end-users of agriculture. Including panelists from Cargill, Merck Animal Health, and Growth Energy to discuss whether the majority of U.S. crops should be grown for feed, food, or fuel.</td>

Meeting with Eric Branstad and Todd Becker from Green Plains Energy
Participants: Eric Branstad
Todd Becker, Green Plains Energy

They are the nation’s 2nd largest ethanol producer, 4th largest cattle feeder, and we also export ag and ethanol products, so I presume the topics will center on the role of ethanol in ag policy, as well as trade related matters. But I will send you a specific list as soon as I can.
